

DROUGHT CONDITIONS

Due to clear and dry conditions for the past three weeks, we're seeing a bit of drought intensification and continuing declines in statewide reservoir storage. The drought outlook for November projects improving conditions for the eastern three-fifths of the state with status quo or worsening conditions in the western two-fifths of the state.

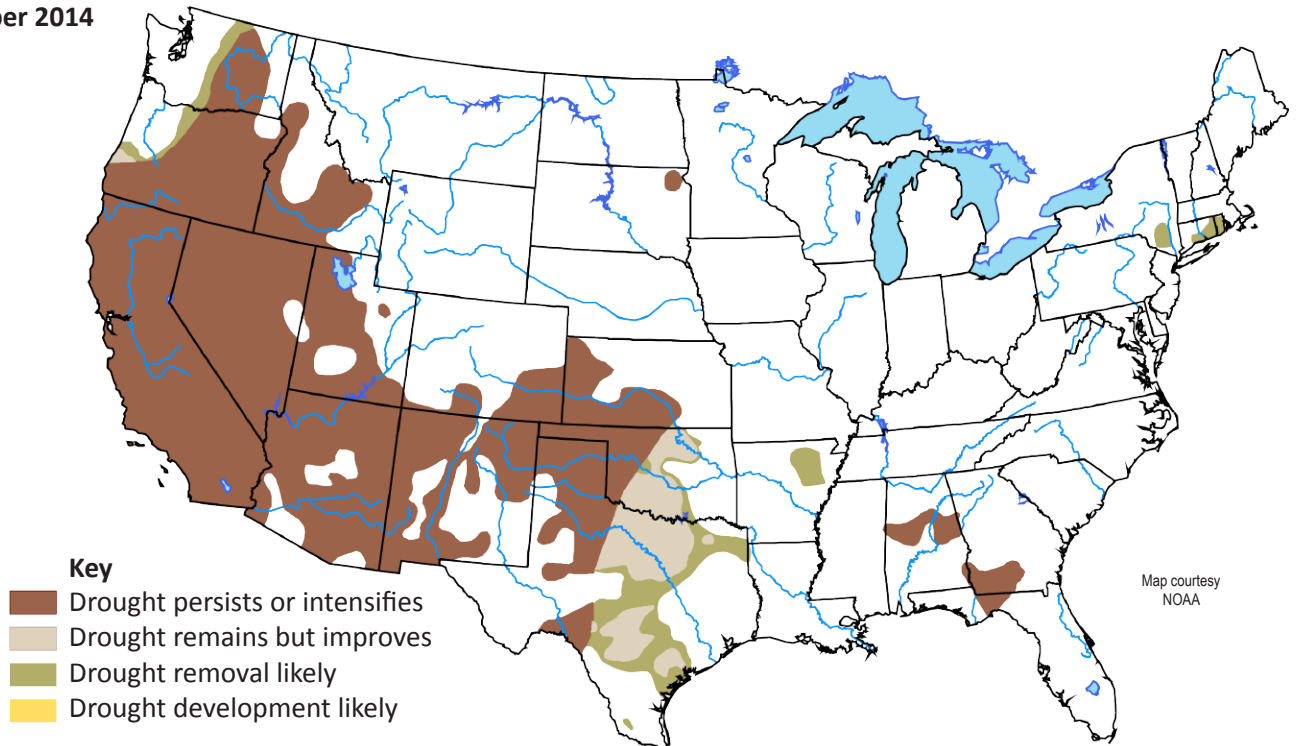

Drought statistics

- 49% of state currently in moderate to exceptional drought
- 49% a week ago
- 58% three months ago
- 59% a year ago

MONTHLY DROUGHT OUTLOOK

For November 2014
