Water Weekly For the week of 03/06/17 Water conditions

cover more than 20 percent of the state. Rainfall over the weekend should tamp some of that back, especially in south and southeast Texas where more than 3 inches of rain fell in some parts.

Drought conditions

- ♦ 4% now
- ♦ 2% a week ago
- ♦ 1% a year ago

La Nada

There's some chatter out there that we may see El Niño conditions this fall. While that's a possibility, the consensus projection as of today suggests neutral conditions (betwix La Niña and El Niño) through the rest of the year.
